about the potholes  
in the road  
and start celebrating  
the journey!”  
~Barbara Hoffman**

**Message from the President**

Welcome to all our new members. We are looking forward to getting to know you better and are so thankful that you have become a part of the circle of friendship that is SIS.

I hope you are all in the throes of a wonderful summer. We have certainly had some beautiful weather for all those adventures interspersed with long days of unbearable heat.

I took advantage of the weather and took my dog out for a short hike. Her back is improving and she really had cabin-fever. This was her first outing in several months, so I wasn't sure how long she would last on the trail. There was a lot of sniffing and investigating along the way. When I finally noticed that she was beginning to tire, I picked her up and headed back to the car. I was amazed when I realized how far she'd actually made it. It seems that her little detours and explorations had given her periodic rests and she actually was able to go farther because of it.

Many of the projects we take on would be very daunting if it weren't for the short detours and encounters along the way. Stopping to smell the roses has more benefit than just that glorious aroma. It also gives us the chance to catch our breath and prepare for the next part of the journey.

Speaking of the next part of the journey, let's get this year S.T.A.R.T.ed! We're going to do that at our S.T.A.R.T. meeting. Please be thinking about the things that we do, the things that we don't do that you would like us to do, and the things that we should do even though we don't want to. We will be discussing the value of our various services and our delivery methods. If there are activities that you would like to see included this year, come prepared to speak up for them. Champion your cause. Give us the opportunity to join with you.

As you know, this year will be a journey, and as we climb to the Mountaintop we need to be properly attired. So, when you come to the S.T.A.R.T. meeting please wear your best hiking cap, hat, or other headgear. Whatever makes your uphill climb easier, put it on your head! See the announcement about our first gathering of the year in the Program article on page 6.

Thank you for the many efforts to organize and prepare for the beginning of a successful SIS year!

Onward and upward,  
President Gena

## Letter from the Editor

Dear Friends,

Is the weather really important? It must be because there are dozens of weather apps available—for smart phones and computers. One of them is called WeatherBug. The weather here has been bugging us this month.

Our local temperatures so far in August have been above normal—some days topping 90 degrees in downtown Sequim. Places without air conditioning resorted to using fans. Even when the air is hot, circulating it helps. Movement of air is important. This month we experienced what happens when the air doesn't move.

In addition to the heat, we've had the effects of the wildfires in Canada. For over a week our air quality was poor—unhealthy for children and the elderly; they were encouraged to stay indoors. And for the rest of us—who wants to work outside in those conditions? When the temperature is hot, our energy level is low. Some lawns have gone un-mowed, some bushes un-trimmed. It's amazing how something so far away can change what's in our atmosphere. Compounding this, a high pressure ridge was stopping the onshore flow that would push away the remnants of the fires. The air has been stagnant.

The high pressure ridge is gone; the only high ridges now are in the mountains. The onshore flow has moved in and the haze from the wildfires has moved out. The movement is a breath of fresh air—literally. Everyone is breathing easier. Children can go outside and play. The freedom feels good.

This reminds me of our Soroptimist club. We're coming off of a year of activity—where we were fired up. Over the summer we do not have regular meetings. It gives the appearance of things being stagnant. There is a little bit of pressure (high—as it is from the President) to make sure all members have the opportunity to volunteer for committees—or be voluntold. A new year is beginning. Some members who have been on certain committees in the past, have decided to move on to different committees. This movement is important because it brings in different members and different thoughts—it's like a breath of fresh air. It keeps our club's energy circulating. We are free to show up and play.

Information given to us by our region and federation—from seemingly far away—has an effect on what we do as a club. They give us concepts that help spark us to action. Our individual passions are the wildfires that burn within us. We all have the option to decide whether we want to share our ideas, and which areas provide a way for application of them. We help determine the climate of our club. When we are asked to join in an activity we get to choose whether or not to participate. We are not being bugged about the whether, and in this case the *whether* is important. It is up to us.

Whatever happens along our Journey to the Mountaintop this year, we know we will weather it together.

Light and Love,  
Kathy Purcell, Editor

**“Without passion man is a mere latent force and possibility, like the flint which awaits the shock of the iron before it can give forth its spark.” ~Henri Frederic Amiel**

**45th Biennial SIA Convention**

Yokohama, Japan  
July 30–August 2, 2018

## AWARDS & SCHOLARSHIPS

The Awards and Scholarship committee is busy this summer! The Vocational/Technical Award recipient has been selected and will be presented at our first meeting in September. Our four Continuing Education scholarships are in the application process. This year we have added a fifth, as Colleen Blazier has generously donated funds to be bestowed on a woman in the medical field.

Our Girls of the Month sub-committee is still looking for a chair. If you'd like to join in the fun of honoring eight outstanding senior girls and make the presentation of certificates and gifts every other month during the club year, please let me know. We'd love to have you! I know all of the committees are working behind the scenes, trekking up that mountain trail. Don't miss the START meeting so you'll be up to speed on all of the new things happening this year—it's going to be a great one!

~Deb Carlson, Awards & Scholarships Chair

**“All real education is the architecture of the soul.” ~William Bennett**

## SOROPTIMIST HELPING & EMPOWERING—SHE

Let me introduce you to SHE. Adopted as the acronym for our club's signature project SHE stands for Soroptimist Helping & Empowering. SHE is comprised of a variety of activities geared toward meeting the needs of various age groups of women—from elementary to more “mature” women in our community.

I am using a picture of an umbrella because SHE—in and of itself—is just the outer covering. While the umbrella is not an “official” logo, it helps me illustrate how SHE functions. For instance, we currently have AIM High Reach for the Stars—which is geared toward elementary age girls, and Tea With SHE—which is geared toward the more “mature” women of our community. We also began reaching out to the Junior High girls this past year with a knitting club and getting them involved in making bags for Days for Girls.

This year we are hoping to add a component that will reach out to girls at the high school level—possibly using the Dream It Be it model—or something slightly revised—to better meet the needs that we see. I am currently the chair for SHE, overseeing the activities that will be implemented as part of the overall SHE project. I am asking for one or two others to join me to act together in an advisory capacity as we move forward with this year's SHE activities. I'm excited to see Jan Chapman stepping into the leadership for the Tea With She. I look forward to working with her and the others who will be stepping into the leadership for the other projects under our SHE umbrella. It's going to be an exciting year!

Kate Creasey, SHE Chair

**“Every great dream begins with a dreamer. Always remember, you have within you the strength, the patience, and the passion to reach for the stars to change the world.” ~Harriet Tubman**

## MEET OUR NEWEST MEMBER

### KALMAR, Susan

Originally from Southern California, Susan spent many years moving with the Navy and settled in Pennsylvania when her two children were in school. With the children now grown, she, husband Rocky, and dog Annie, searched high and low for the perfect place and have now made their home in Sequim for the past year.

Susan joined the Navy via the Collegiate Program and served in the Civil Engineering Corp for four years, worked as a Special Education Instructional Assistant at a Vocational Education High School. Her favorite job was managing the greenhouse/plant department for a large florist/nursery.

A life-long volunteer, she's worked with PTA, Girl Scouts, coached softball, been a nursing home shopper and feels her most important job was as a Court Appointed Special Advocate. (CASA) Currently she volunteers with the Master Gardener Program and spends her free time gardening, crafting, repurposing, creating watercolor collages, walking, hiking and reading.

---

*"If you'd rather live surrounded by pristine objects than by the traces of happy memories, stay focused on tangible things. Otherwise, stop fixating on stuff you can touch and start caring about stuff that touches you." ~Martha Beck*

---

### MEMBERSHIP

Check out our updated Membership page on the SI of Sequim website at:  
<http://sisequim.org/membership-2/>

Membership is implementing a number of new opportunities to support new members and increase connections with our total membership. Beginning in August, the Membership Committee will have monthly gatherings of "newbies" and committee members at a member's home. We're calling these the "**Discover Soroptimist**" gatherings. To further support new members, one experienced member of the committee will mentor each new member.

We're also planning monthly gatherings for all members at Solana Clubhouse, called the "Solana Socials" and these will take place on the 3<sup>rd</sup> Tuesday of each month (except when there's a 5<sup>th</sup> Tuesday). The first "**Solana Social**" will take place on **September 19** at **4:30 p.m.** and all are welcome, along with the new member's sponsor, if they have one."

Another new feature we'd like to add is highlighting accomplishments, awards and/or other noteworthy endeavors of our members. They can be serious business or something fun. Please pass these along so that we can include them in future newsletters.

Finally, a reminder that WE ARE OUR BEST RECRUITERS. We are Soroptimist ambassadors and are our best source for bringing new members into our organization. If you know of or meet someone you think would be a good match, invite them to a regular meeting or a Solana Social.

~Elaine Bradford, Membership Committee

## PROGRAMS

The Program Committee members have been working hard and coming up with some great ideas. They've already secured speakers for all our program meetings as well as the venue and menu for our Christmas party at the Lodge at Ramblewood Camp, December 19 @ 5 p.m. Don't miss Christmas in the mountains... all cozy in front of a roaring fire and big pots of soup on the stove. It's going to be a lot of fun.

Countdown has begun to the **S.T.A.R.T. Meeting** and potluck **Tuesday**, August 29, **5 p.m.** at Trinity United Methodist Church located at 100 S. Blake Avenue, Sequim.

~Elaine Bradford, Programs Chair

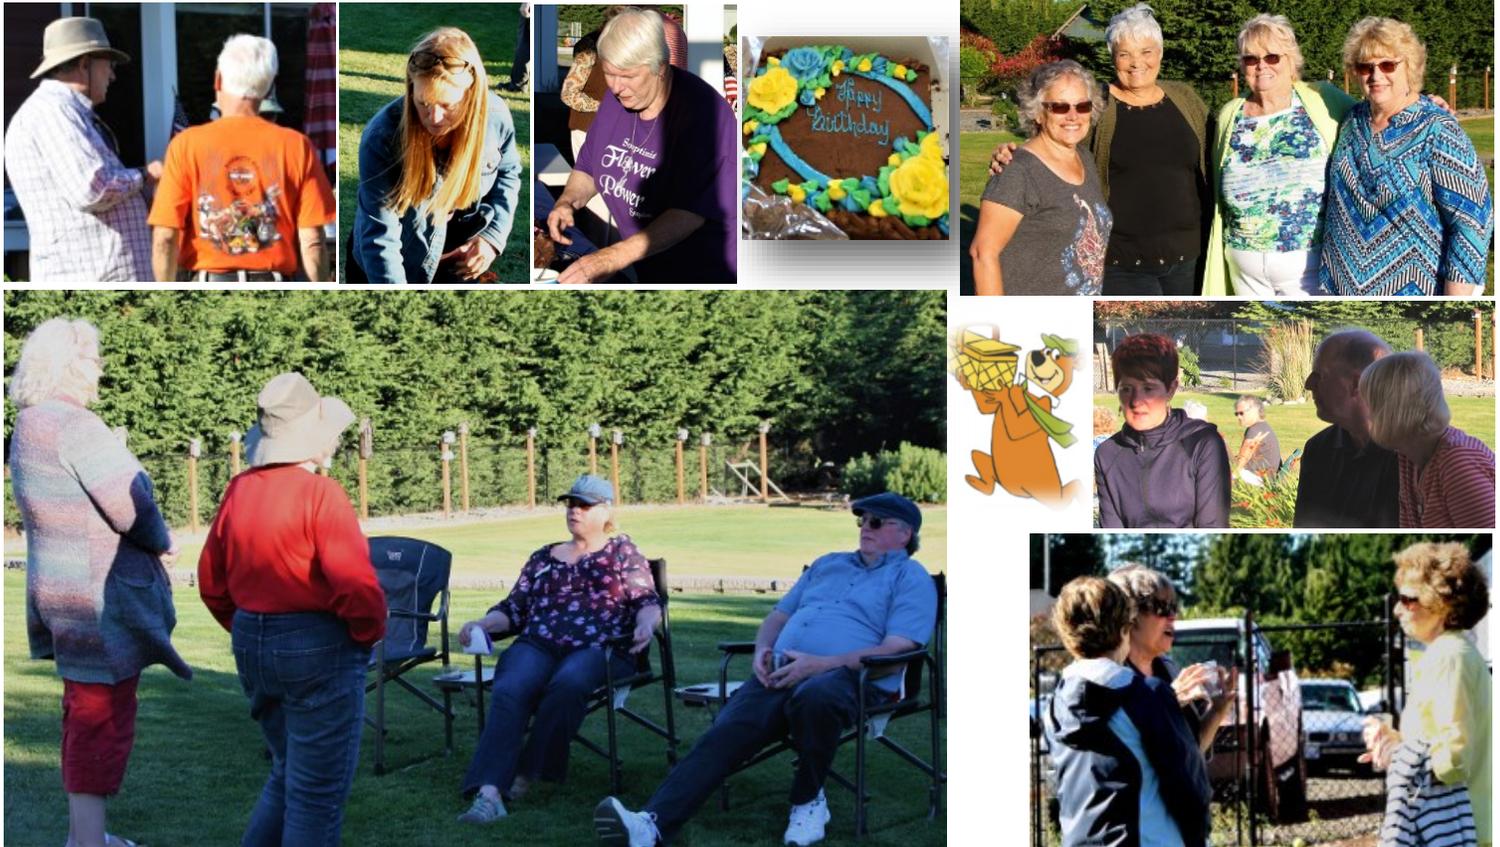

**"You don't have to be great to start, but you have to start to be great." ~Zig Ziglar**

## Picnic/BBQ

The July 29<sup>th</sup> BBQ at Jeani Penn's house was great fun—with lots of BBQ'd chicken, way too many desserts, way too few salads, quite a few spouses and a daughter. Also in attendance were some members from Soroptimist International of Port Angeles, potential new members and Jeani's friends. We ate till we were stuffed, sang Happy Birthday to President Gena and played with Snicklefritz and Ridgeway. Set-up and clean-up were a breeze and plenty of camaraderie in between. Jeani says she's thinking about having it again next year... we hope so.

~Elaine Bradford, Programs Chair

## MUJERES UPDATE

Dear Soroptimist Sisters,

Mujeres de Maiz OF just received the information on the new scholarships for the 2017-2018 school year. We are delighted that we will be supporting 21 girls and women this year.

They come from eight different communities in Chiapas. Three are at university level, nine are at the preparatory level (15-18), seven are at secondary (12-15) and two are taking computer classes. Of that number, three are new to us.

The most impressive thing to me is the number of girls and women who are staying with us for years, steadily climbing up the education ladder. In May, Martha Diaz graduated from her nursing program at the age of 23. She had been on scholarship with us since she was 12.

Antonia Santiz completed eight years on scholarship in May, first finishing secondary school and then completing classes in computers and English. We have always been convinced that education opens doors and gives women choices that they didn't have before. And as time passes, we see how this is not just theoretical, but practical and real. As an example, Martha (mentioned above) is giving workshops about health-related issues in various communities and in the primary school in her own village.

The first weekend in August, Linda and I will be presenting certificates to the new recipients in San Cristobal de las Casas, attending workshops with the women, having meetings with our coordinator, and visiting communities. What a labor of love!

Again, thank you for your continuing support.

Judith Pasco

Board Chair, Mujeres de Maiz Opportunity Foundation

**"I believe that we all have a responsibility to give back. No one becomes successful without lots of hard work, support from others, and a little luck. Giving back creates a virtuous cycle that makes everyone more successful." ~Ron Conway**

---

## WOMEN VETS

On Friday, July 28, 2107, Missy Church-Smith and I participated in a women veteran's activity in Port Angeles. Soroptimist International of Sequim had provided funds to support the organization sponsoring this event. Membership and the Public Awareness committees decided to collaborate for this, as representatives of our organization. There were many local agencies providing useful information to women who have served our country. In addition, there were speakers addressing Traumatic Brain Injury, Post Traumatic Stress Disorder, Alzheimer's and other mental health issues—along with presenters providing self-defense presentations and meditation.

Linda Klinefelter, Public Awareness Co-Chair

## Dear Old Golden School Days

I wonder how many members remember starting back to school carrying that treasured cigar box with the essential supplies....How the times have changed!

Soroptimists have been involved in packing the backpacks for the North Olympic Foster Parent Association (NOFPA) for several years. Carol Pope, president of NOFPA, has been our advisor and ring leader for this event. We are once again preparing for the assembly line process and it is heart-warming to have had members respond to the initial broadcast (blast) email.

This year we have a very special donor that has offered 200 backpacks. I didn't know much about Richard Sherman so I did some Google research. He is a cornerback for the Seahawks and started the Richard Sherman Family Foundation in 2013. It was referred to as "the blanket coverage charity" to help children in low-income communities by supplying school supplies and clothing. His foundation helps children across the country achieve academic success. According to an NBC sports story written by Mike Florio, "We recently noticed that Sherman has apparently matured choosing the high road over picking fights. With the launching of his charity, we respect him for that."

Carol Pope is expecting the awesome donations to arrive very soon. At this point, she doesn't know what the packs are packed with, but a full inventory will be done. She is still asking for the "basic" supplies, as they are always needed:

standard/college lined paper  
pencils  
pencil boxes  
blunt/pointed scissors  
glue sticks  
red, blue and black pens  
highlighters  
colored markers  
file folders with/without pockets  
3-ring binders and dividers.

United Methodist Church has generously purchased the scientific calculators in the past. They are required for the students taking math—basic model \$80.00, while students taking AP math need the upgraded model for \$99.00.

Please check your calendars if you're interested in being a packer.

**Date:** August 19 (Saturday)

**Time:** 10 a.m.

**Place:** All Safe Storage (behind Applebee's)  
101 Grant Road

Parking is available across the street from the entrance

Thank you for making this project a reality!

~Colleen Blazier

---

**"I am a huge believer in giving back and helping out in the community and the world. Think globally, act locally I suppose. I believe that the measure of a person's life is the effect they have on others." ~Steve Nash**

## CONTINUING PUBLIC AWARENESS COMMITTEE (PAC) OUTREACH

The Public Awareness Committee is off with a big bang. Job descriptions with various duties have been developed. Members of the committee have stepped up to the plate and have chosen their places on the field. We are off to keep the local community, our county and our Soroptimist sisters informed. We are proud to announce our first endeavor was to participate in the Women's Veterans Project on July 28<sup>th</sup> in Port Angeles.

Linda Klinefelter & Donna Carson  
Public Awareness Co-chairs

### PICTURE PERFECT GARDEN SHOW

When we had our first Gala Garden Show back in 1999, we had a pansy as the logo. This iconic symbol was used in our advertising until 2006, when we decided to reach out to the community and invite artists to submit artwork with a garden theme. The entries were reviewed by the Gala Garden Show Core Committee. The one with the most votes became the featured artwork for the 8<sup>th</sup> Annual Gala Garden Show. This set a precedent that has continued. The pansy still appears on a few of our signs.

Over the last several months Jane Manzer and Paulette Hill have been organizing the solicitation of artwork for the 2018 Gala Garden Show. The Core Committee met late last month to view this year's submission and make a choice for the 2018 artwork. We're happy to announce the chosen art, titled "**Friendship Garden**" was done by **Denise Erickson** from Port Angeles.

Jane and Paulette headed the Artwork Solicitation last year and agreed to stay on for one more year. **We thank you both for all your work and professional handling of this!** We are now looking for two members to journey into the Artwork Solicitation for the 2019 Gala Garden Show.

Jane and Paulette have kept great records, continuing from what Cindy Rhodes developed over years prior, and are happy to assist the new team. The actual process for solicitation of the 2019 artwork won't begin until after the 2018 show, but now is a good time to sign up and learn from the current team.

~Kathy Purcell & Su Howat, 2018 Gala Garden Show Co-chairs

 When an organization has a rich history, it's not just a collection of memories...  
 I hope you are enjoying the summer months of early family and friends...  
 Consider an early summer book or book update, and please see...  
 An excellent job has been done by the Mainstay committee...  
 As we move forward, let's think about a book that...  
 The Mainstay program...  
 Please know that my door is always open to your suggestions...  
 Please to join in the spirit of July 2017...  
 Cheers and love to all!

**President's Office**

## LIVING MY DREAM

Hello, my name is Lori Brothers and my life has not always been easy going. There were many bumps in the road where I was living and I needed to make some changes. In 2006 I decided to move up to Sequim, WA, from sunny Southern California. I began my employment with All Safe Mini Storage in October of 2006, and am still currently employed with them. Working for this company has been a huge blessing in so many ways. It has shaped a whole lot of who I am today. For example, my boss, who is one of the owners of the company, even started our own little bible studies every Wednesday morning—which is so amazing. Things were looking up for me, each day got easier and easier. My faith began to really take off at this point, and I was now on a mending path. I started attending a local church, and the pieces of my life continued to fit back together. My son was doing amazing and started playing sports at an early age. I could finally say at that point things were looking better for me.

One day, my friend called me and stated there was a program through the housing authority where you could build your own home with no money down. I was super excited about this and began the process needed to be done before I could begin building a new home for me and my son. In August of 2011, we finally finished the building of my new home!

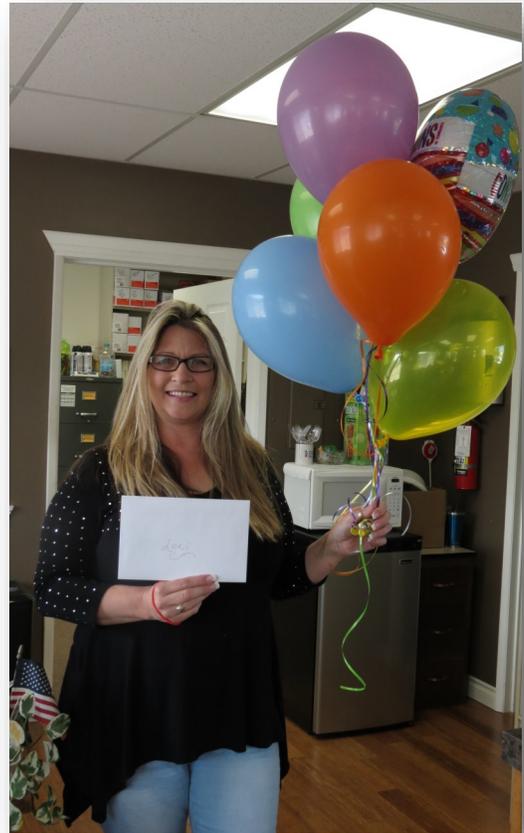

It was a long journey—working full time, and building my home part time, and being a full-time mommy as well. My hands were full! But it was so rewarding in the end when I was handed the keys to my new home. What a huge accomplishment that was in that time of my life. So, as you can see, from then to now, I have become a completely different person, and mother as well. I would not be where I'm today if it wasn't for me hitting rock bottom and wanting to better the life for me and my son.

As of today, I am still working for All Safe Mini Storage—in my 11th year with this company. I started school at Peninsula College to finally work towards getting my Adult High School Diploma. I started school July of 2016, and graduated in June of 2017.

I especially would like to give a **huge thanks to Soroptimist International of Sequim** for helping me kick start my education. This is a huge accomplishment in my life—working full time, being a full-time mom to my now 17-year-old son, and attending college. But, the rewards in the end of my current journey are very beneficial to my future.

With all this said, thank you for reading the story of my life then, to my life now.

Sincerely,  
Lori Brothers

*“Your success and happiness lies in you. Resolve to keep happy, and your joy and you shall form an invincible host against difficulties.” ~Helen Keller*
