What is *Dream It, Be It*?

Dream It, Be It is the newest SIA program. Designed specifically for girls 13 to 18 year of age, the program provides you with career support and guidance within your community. In a one day event with local club members, you will learn about career opportunities, setting and achieving goals, overcoming obstacles to success, and tools to use in planning your future. The activities will be different – you might speak with a successful professional woman about her experience; learn to make a grocery shopping list and make your own meal; and receive a nice gift. No matter what shape your experience takes, at the end of it you will feel more prepared to pursue your career goals and more confident about your future success.

Additional Activities

Fun activities and mentor breakout sessions

Conference Registration is FREE. All materials needed for the day will be provided. Breakfast, Lunch, and Snacks will be served. Dress is casual and comfortable.
